The figures cover all categories of goods that enter or leave the Kingdom of Thailand and pass through customs formalities at any of the Customs Houses and representative offices, either via land, sea or air transport. The data also include postal packages but do not include smuggled goods and products procured on carriers at sea.</p> <p>Bank of Thailand obtains electronic copy of the data and tabulates them into export and import tables, classified in accordance with the Standard International Trade Classification (SITC). Value of exports and imports is based on Baht equivalent figures as announced by the Customs.</p>
